ORGAN-X RED MITE MAX ECO POWER SPRAY

Insecticide free spray with scientifically proven 100% efficacy. Works by physically entrapping insects in a unique biodegradable vegetable polymer (backed by 2 years of development & testing). Designed to halt and immobilise red mites by coating on contact. Due to the physical mode of action, red mites cannot become resistant to the formulation. Organ-X Spray controls all stages of a red mite's life cycle including eggs, larvae and adults on contact. Effective on other bugs & crawling insects.

INSTRUCTIONS FOR USE:
Use in and around poultry housing. Remove birds, eggs, feed, eating and drinking utensils. Remove all bedding and clean housing thoroughly. Spray directly and thoroughly at red mites suspected harbourage including the nesting box and underside of the roof. Take particular care to spray in hard-to-reach areas, cracks and crevices. Re-introduce poultry once treatment is complete. Due to the mode of action, poultry mites coated with Organ-X spray are scientifically proven to die within the hour. For heavy infestations apply initially, repeat 3 days later and then use weekly as part of your regular cleaning routine. For maximum bird welfare and living conditions, use alongside other Organ-X products. This pouch is refillable using - **ORGAN-X INSECT MAX ECO POWER CONCENTRATE**.

DO NOT SPRAY DIRECTLY AT ANIMALS/PLANTS/HUMANS. DO NOT SPRAY FOOD CONTACT SURFACES. KEEP IN A DRY AND COOL PLACE. KEEP AWAY FROM HEAT AND DIRECT SUNLIGHT. STORE IN ORIGINAL CONTAINER, TIGHTLY CLOSED. KEEP OUT OF REACH OF CHILDREN. KEEP AWAY FROM FOOD, DRINK AND FEED.

1. Shake & Unlock
2. Twist Nozzle
3. Spray Insects
4. Reapply Weekly
