Read all precautions before use.
HSE No. 7494-GB, 7494-NI, PCS No. 94720

The COSHH (Control of Substances Hazardous to Health) Regulations 2002 (as amended) apply to the use of this product at work.

Avoid excessive contamination of coveralls. DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES. This material and its container must be disposed of in a safe way. Wash hands and exposed skin before meals and after use. Keep in a safe place. Do not touch treated surfaces until dry. Do not apply directly to livestock and poultry. Exclude all persons and animals during treatment. Cover all water storage tanks before application. All bats are protected under the Wildlife and Countryside Act 1981. Before treating any structure used by bats, consult Natural England, NatureScot, Natural Resources Wales or the Northern Ireland Environment Agency. HAZARDOUS TO BEES. Action should be taken to prevent foraging bees gaining access to treated nests, preferably by removing the combs or blocking the nest entrance. Do not apply directly to animals. Do not apply to clothing and bedding. *Not to be used on pet bedding, pet sleeping quarters or where pets frequently lie. Protect milk machinery and milk containers from contamination. Collect eggs and remove feed, exposed water, and milk before application. Do not use on filter beds at sewage treatment works. This biocidal product contains Permethrin, which can cause severe adverse reactions in cats. Do not use on cats, or items intended to be used by cats. Keep cats away during treatment and drying time.

To avoid risks to human or animal health, or the environment, comply with the instructions for use.

DIRECTIONS FOR USE

FOR USE ONLY AS AN INSECTICIDE. USE ONLY AS DESCRIBED ON LABEL. SPACE TREATMENT AND SURFACE SPRAY. Type of formulation - AL - other liquids to be applied undiluted.

APPLICATION RATE

Use biocides safely and sustainably. This product should be used in accordance with the product label. Dispose of contents/ container in accordance with local regulations. Poisons information: For information or to report a poisoning incident contact The National Poisons Information centre (01 8092166). Important: Space spray containing pyrethrins or pyrethroids must not be used more than once a week against houseflies in intensive or controlled environment animal houses as they could cause control failure due to resistance. IF MORE FREQUENT TREATMENTS ARE REQUIRED, use a product with a different active ingredient and, if necessary, a different control method (such as bait).
