**1 kg**

**INSECTICIDE 20.1 WP**

**10 % AZAMETHIPHOS**

Twenty One

**Alphi**

Targets and Controls Litter Beetle

**FOR PROFESSIONAL USE**

TWENTY ONE ALPHI IS A WATER SOLUBLE POWDER BASED ON AZAMETHIPHOS 10% CAS:35575-96-3. AZAMETHIPHOS IS A UNIQUE MOLECULE. QUICK ACTING AND LONG LASTING. PRODUCT TO BE APPLIED BY SPRAYING. TWENTY ONE ALPHI HAS A LARVICIDE AND ADULTICIDE EFFECT AGAINST LITTER BEETLE (ALPHITOBIIUS DIAPERINUS)

**Dosage** The recommended dosage is 500 g of product per 100 m<sup>2</sup> surface spray.

**Application** For 100m<sup>2</sup> floor surface, dilute 500g of Alphi in 10 litres of lukewarm water. Ensure the solution is mixed fully before use. Apply solution with a sprayer following the methods below:

- 1) Once the poultry unit has been fully emptied of all birds, equipment (incl. drinkers, feeders etc...) and has been thoroughly disinfected it will be ready for the first application of Twenty One ALPHI. spray half of the solution around the building by making a strip of 50cm on the lowest part of the wall, uprights and where feeding plates come into contact with the floor (see diagrams on label), in slatted and deep pit housing; as soon as the birds are removed spray the lower part of the wall where possible (above muck level) with a band of Alphi prior to removing the muck. Then follow steps 1 & 2.
- 2) Prior to new birds being introduced to the building, spray the remaining half of the solution on the whole floor surface, specifically targeting all cracks and crevices.

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

**READ ALL PRECAUTIONS BEFORE USE – HSE 8851**

H317 - May cause an allergic skin reaction H332 - Harmful if inhaled H410 - Very toxic to aquatic life with long lasting effects P261 - Avoid breathing dust P271 - Use only outdoors or in a well-ventilated area P272 - Contaminated work clothing should not be allowed out of the workplace P273 - Avoid release to the environment P280 - Wear protective gloves P302+P352 - IF ON SKIN: Wash with plenty of water P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing P312 - Call a POISON CENTRE, a doctor if you feel unwell P333+P313 - If skin irritation or rash occurs: Get medical advice/attention P501 - Dispose of contents/container to hazardous or special waste collection point, in accordance with local regulation

Engineering control of operator exposure must be used where reasonably practicable, in addition of the following items of personal protective equipment.

Wear suitable protective clothing and suitable gloves.

**AVOID EXCESSIVE CONTAMINATION OF COVERALLS AND LAUNDER REGULARLY.**

**DO NOT BREATHE DUST or spray mist.** Otherwise wear respiratory protective equipment and eye protection (see HSE Guidance Booklet HS (G)53: Respiratory Protective Equipment – a practical guide for users).

However, engineering controls may replace personal equipment if a COSHH assessment shows they provide an equal or higher standard protection.

**DO NOT CONTAMINATE FOODSTUFFS, EATING UTENSILS OR FOOD CONTACT SURFACES.**

**KEEP AWAY FROM TREATED SURFACES UNTIL DRY.**

This material and its container must be disposed of in a safe way.

**DO NOT APPLY DIRECTLY TO LIVESTOCK AND POULTRY. EXCLUDE ALL PERSONS AND ANIMALS DURING TREATMENT.**

Protect milk machinery and milk containers from contamination. COVER ALL WATER STORAGE TANKS before application.

**ALL BATS ARE PROTECTED UNDER WILDLIFE AND COUNTRYSIDE ACT 1981. BEFORE TREATING ANY STRUCTURE USED BY BATS, CONSULT NATURAL ENGLAND, SCOTTISH NATURAL HERITAGE OR THE COUNTRYSIDE COUNCIL FOR WALES. WASH ANY CONTAMINATION FROM skin or eyes immediately. WASH HANDS AND EXPOSED SKIN before meals and after use.**

Keep only in the original container. Keep container tightly closed.

**KEEP IN A SAFE PLACE. COLLECT EGGS AND REMOVE FEED, EXPOSED WATER AND MILK BEFORE APPLICATION.**

This product contains an anticholinesterase organophosphorus compound.

**DO NOT USE** if under medical advice NOT to work with such compounds. To avoid risks to man and the environment, comply with the instructions for use.

**PACK SIZE 1 KG**
