ADDICT GEL COCKROACH

Insecticide - Gel bait (Ready for use)

Professional use

Authorisation number: GB-2017-1064-0001 / NI-2017-1064-0001

Approval holder:

(GB) LODI UK Ltd - Unit 104, Potter Space, 7 Kidderminster Road, Cutnall Green, Droitwich,

WR9 0NS, United Kingdom

(NI) LODI SAS - Parc d'Activités des Quatre Routes 35390 Grand-Fougeray, FRANCE.

Pest control : *Blattellidae*, Blattellid cockroaches including *B. germanica* (German Cockroaches) and *B. orientalis* (Oriental Cockroaches)

APPLICATION RATES

Indoor use only. For use within Commercial & Industrial premises, domestic properties, private & public areas (ie Hospitals, nursing homes).

Apply directly to cracks and crevices or as a spot treatment only.

German Cockroach : Apply 2 x 0.1g of gel bait per square metre

Oriental Cockroach : Apply 4 x 0.1g of gel bait per square metre

Double the application rate in case of heavy infestation.

Apply a maximum of 16 spots of gel bait in domestic properties and up to 72 spots when treating any commercial, industrial or public areas.

A repeat application may be required 7 days after the initial treatment.

INSTRUCTIONS FOR USE

To apply the gel, remove the cap from the nozzle, touch the tip of the nozzle to the surface to be treated and depress plunger slightly. Re-apply according to remaining level of infestation and when bait is no longer visibly present. Replace cap for storage of the product. Use only as a spot treatment in areas that will not be accessible, will not be submerged in water and where the bait would not be removed by routine cleaning. To maintain product palatability, apply away from sources of heat.

Spot treatment method of application :

Remove cap from tip of applicator tube. Place tip at spot where gel is to be applied. Depress plunger until appropriate amount is dispensed. Replace cap when finished dispensing gel.

Cracks and crevices method of application :

Gel bait should be applied directly into cracks and crevices where insects hide. Place the applicator tip directly into cracks and crevices and deposit gel. Bait should be in the void area and not on open or exposed surfaces.

FOR USE ONLY BY PROFESSIONAL OPERATORS

PREVENT ACCESS TO BAITS by children and animals

DO NOT USE where food, feed or water could become contaminated

Wash hands and exposed skin before meals and after use

KEEP IN A SAFE PLACE
