### 4. FIRST AID MEASURES

**General advice:** Remove contaminated, soaked clothing immediately and dispose of safely.

#### 4.1. First Aid Measures

**General Advice:** Show this safety data sheet to the doctor in attendance

**Eye contact:** Immediately irrigate with clean water, holding the eyelids apart, for at least 15 minutes. Obtain immediate medical attention.

**Skin contact:** Take off immediately all contaminated clothing. Wash skin immediately with water, followed by soap and water. Such action is essential to minimise contact with skin. Contaminated clothing should be laundered before re-issue. Apply Vitamin E cream or simple toilet milks. When symptoms persist or in all cases of doubt seek medical advice.

**Inhalation:** Remove patient from exposure, keep warm and at rest. Obtain medical attention as a precaution.

**Ingestion:** If swallowed wash out mouth with water, seek medical advice immediately and show the container, label or this Data Sheet, if possible. Do not induce vomiting.

## 5. FIRE FIGHTING MEASURES

Ignites readily. Oxidising agent; may assist combustion.

Keep fire exposed containers cool by spraying with water.

**5.1. Extinguishing media:** For small fires, use foam, carbon dioxide or dry powder extinguishant. For large fires, use foam or water-fog; avoid use of water jet. Contain run-off water with, for example, temporary earth barriers.

**5.2. Special Hazards:** Toxic and irritant fumes can be produced during combustion

**5.3. Protective Equipment:** A self-contained breathing apparatus and suitable protective clothing should be worn in fire conditions.

## 6. ACCIDENTAL RELEASE MEASURES

**6.1. Personal precautions:** Ensure suitable personal protection during removal of spillages. This means wearing a facemask that gives protection against toxic dusts, eye protection, chemically resistant gloves (e.g. 0.6 mm nitrile), boots and coveralls. See also Section 8.

**6.2. Clean up methods:** Cover spillage with moist sand or soil. Transfer to a container for disposal. Wash the spillage area with water. Washings must be prevented from entering surface water drains.

**6.3. Environmental precautions:** Spillages or uncontrolled discharges into watercourses must be alerted to the appropriate regulatory body.

## 7. HANDLING AND STORAGE

### 7.1. Handling

Read the label before use.

Do not breathe smoke. Avoid contact with skin and eyes. When using do not eat, drink or smoke. Wash face and hands before eating, drinking or smoking.

### 7.2. Storage

Keep in original containers, tightly closed, out of reach of children. Keep away from food, drink and animal feeding stuffs. Protect from frost.
