

- Chemical free wasp trap
- Attractive yellow design lures wasps to the trap
- Great for outdoor use on patios / decking etc
- Use with a ready to use wasp attractant or simple home-made recipe for increased trapping action
- One way funnel holes
- Safely traps annoying wasps

With 6 funnel shaped trapping holes, symmetrically arranged, wasps cannot escape the trap. On top of this there are a number of additional openings that ensure that the smell of the attractant allers wasps.

The trap can be placed on a flat surface or suspended by the cord supplied with the trap.

Place or hang the trap in areas where wasps congregate or away from an activity area, avoiding exposure to direct sunlight or high winds.

Best to wash the trap in soapy water each year after use. This will ensure many years of successful use.

Pack contains a trap, complete with suspension cord. Attractant not supplied.
