**ORGAN-X**  
Bug Killer

Organ-X Bug Killer

**Pyrethrum is extracted from natural chrysanthemum flowers and formulated into a fast action, knockdown and contact insecticide powder, rapidly killing spiders.**

**Instructions for use:**

Apply the powder directly at spiders. Apply onto all surfaces where spiders are located including hard-to-reach areas such as cracks and crevices. Always shake well before use. Remove the cap and point container towards the area to be treated and squeeze gently. Apply the powder lightly and evenly over surfaces of infestation, e.g.: carpets, soft furnishings cracks and crevices. Leave for at least 30 minutes then remove fully by vacuum cleaner. Repeat treatment as necessary. For best results leave powder down for as long as possible (several hours) before vacuuming up. Always replace the cap after use. NOTES: Always exclude children and pets while treatment is in progress. Ensure ALL PRODUCT has been removed before allowing pets back into treated area. Do not use in wet locations.

For complete spider control use alongside Organ-X Spider Killer Freeze Blast and Organ-X Spider Killer Spray.
