

ORGAN-X PRO

INSECT KILLER RTU

Knockdown efficacy by physical action

The new innovative Organ-X Pro range for the control of flying and crawling insects.

A new unique pesticide free insect spray with proven 100% efficacy. Two years of development and testing have resulted in a pesticide free spray that disables and controls insects fast and effectively. A direct spray onto the target organism will ensure fast control proven in field and laboratory tests.

Based on a natural-origin polymer, Organ-X Pro Insect Killer is a unique formulation that creates a coating and acts by physical contact on the target insect.

- **Pesticide Free**
- **Non-staining***

PESTICIDE FREE INSECT KILLER

READY-TO-USE

Acts in minutes by Physical Action

500ml

Effective on most flying and crawling insects, including ants, fleas, bedbugs, moths, spiders, cockroaches.

Flies

Bedbugs

Spiders

Moths

Ants

Cockroaches

How to use:

Wait for the insect to be slow moving or stationary on surfaces. Spray directly on to the targeted pest to disable and kill, ensure full coverage of pest. Do not attempt to spray at insects whilst they are in flight.

Where to use:

Everywhere where usage of biocides is regulated or prohibited, Organ-X Pro Insect Killer RTU helps to get rid of harmful and nuisance insects.

Suitable for both indoor and outdoor use, in open areas, such as kitchens, food environments and bedrooms.

Do not spray food contact surfaces.

Do not spray directly onto animals/plants/humans.

Efficacy Data: Tests under laboratory conditions. Actual use may vary.
