Organ-X Red Mite Spray

Scientifically proven physical insect killer with Bio-Trap Insect Technology. Works by physically entrapping red mites in a biodegradable vegetable polymer. Backed by 2 years of development and testing, the spray halts & immobilises on contact, preventing red mite from becoming resistant. Controls all stages of a red mite's life cycle including eggs, larvae, nymphs and adults.

Organ-X Red Mite Powder

Organ-X Killer Powder is a pesticide free solution to red mite. Pyrethrum is extracted from natural chrysanthemum flowers and formulated into a fast-action, knockdown insecticide powder. Rapid knockdown, immobilises and kills red mite on contact. Effective on all crawling and flying insects in outdoor and indoor settings including poultry buildings & animal housing.
