**SLUG STOPPA**

The right choice for the planet

OUR POUCH USES UP TO **55% LESS PLASTIC\***

- THE NEW ECO WAY TO PROTECT PLANTS FROM SLUGS & SNAILS
- NOURISHES PLANTS FOR HEALTHIER GROWTH
- BEE FRIENDLY

**CHILD AND PET SAFE\*\***

**EFFECTIVE BARRIER SPRAY AGAINST SLUG & SNAIL DAMAGE... WITHOUT HURTING THEM**

Works by physical mode of action

ecofective® Slug Stoppa plant spray is a new, eco way to protect edible and non-edible plants from slugs and snails. It should be used when you first spot signs of slug and snail damage in your garden.

Instructions for use:

- 1 Shake well before use and remove the trigger lock.
- 2 Twist the nozzle to spray position. When finished turn back to off position.
- 3 Spray plants until the application is just starting to drip from the foliage.
- 4 Reapply every 4-6 days while plants are at risk of damage from slugs and snails.

It is safe to spray more frequently if needed, for example, if damage persists, after prolonged rainfall, or if foliar watering. It is safe to spray emerging growth on established plants. For plants that are susceptible to slug and snail damage, also spray under leaf e.g. Hosta.

Allow foliage to dry before applying other sprays. Do not spray tender plants straight out of the greenhouse.

**Precautions:**  
Wash hands after use. Keep stored and out of reach of children and pets. If medical advice is needed, have product to hand. Store in a cool place out of direct sunlight between 10 °C – 30 °C. Keep pouch upright in transit and storage.

**Contents:**  
A formula containing nutrients in a ready to use solution with water. This product does not contain any animal by-products.

**LESS PLASTIC, LESS ENERGY, LESS WASTE**  
We're buzzing about our innovative, flexible pouch, which uses up to 55%\* less plastic than a traditional rigid bottle. It consumes less energy throughout its entire lifecycle and less plastic material used also results in less waste to collect, sort and recycle.

**HAPPY PLANTS HAPPY PLANET**  
Creating a garden full of happiness has never been simpler. By using ecofactive® you're not just making the right choice for your plants, but also for the planet too. We use formulas that are child and pet safe and wildlife friendly too\*\*. Find out more today by scanning here.
